

## Republic Day Celebrations

On the occasion of Republic Day, DIRD organised a celebration for the students. The students of B.Ed. first year planned many events for the celebration. The objective of the celebration was to understand the importance of the values imparted by the Indian constitution and to make students understand the value of it. All the students were dressed in the colours of our Tiranga and they prepared events like cultural dance programmes and they also danced on patriotic songs. Some students also sang beautiful songs. They prepared speeches also highlighting the importance of Indian Republic Day.
